

LICENSED/NON-LICENSED SUPPORTED LIVING

Waban provides a variety of residential supported living settings for individuals with developmental disabilities. These individuals reside in their own apartments and homes. The purpose of these homes is to promote independent living in a community setting. Trained DSPs (Direct Support Professional) provide assistance in the following areas:

- Community Inclusion Activities
- Financial Management
- Coordination of Medical Care/Services
- Daily Living Skills
- Assistance with the Coordination of Transportation
- Self-Advocacy (SUFU @ Augusta ▼)

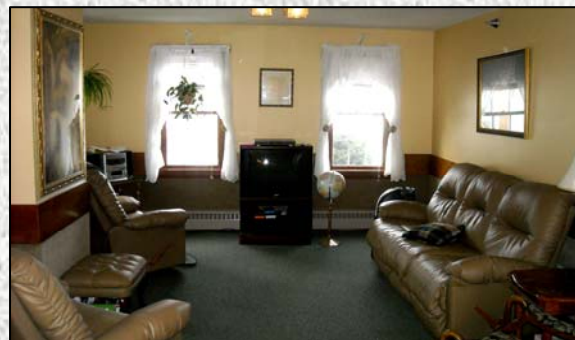

Personalized and private bedrooms

INDEPENDENT SUPPORT SERVICES

The Independent Support Service (ISS) program provides support to individuals who wish to live in their own apartments in the community. Individuals that participate in the ISS program are provided with residential supports to assist with achieving the highest level of independence possible. Staff provide “drop-in” support, customized to the needs of the individual and tailored to meet their specific goals. Home supports may be provided in the following areas:

- Finances and Budgeting
- Paying bills, writing checks, reconciling bank statements
- Coordination of medical services
- Shopping for personal & household items
- Household upkeep and maintenance
- Navigating public transportation
- Community integration through recreation & leisure
- Personal Safety
- Accessing community resources
- Self-advocacy

Self-reliance and the building of natural support systems is an intricate component of this program.

Comfortable, spacious living rooms

RESIDENTIAL MEDICAL WAIVER HOMES

Each of these homes serves four to five residents who have multiple disabilities. Each resident has his or her own personalized bedroom and participates in day activities that meet their personal needs. Community outings are an important part of their programs. Each home has a nurse consultant.

These homes feature extra wide halls, doorways, Hoyer lifts, ramps where needed, specialized tubs, walk-in/roll-in showers, and spacious rooms allowing full accessibility of the entire facility to our consumers.
